June 2026

1. Executive Summary

The PLSA Project is a strategic customer engagement, loyalty, and promotional platform designed to support DECSI's long-term growth objectives by increasing savings mobilization, accelerating digital adoption, enhancing customer engagement, and promoting the utilization of all DECSI products and services.

Rather than functioning as a standalone product, PLSA serves as a growth engine that connects customers with DECSI's financial ecosystem through rewards, promotional campaigns, financial education, referral programs, and digital engagement initiatives.

The platform will leverage customer participation and incentives to encourage increased savings, greater adoption of AdoPay Mobile Banking, higher utilization of loan products, and stronger customer retention across all DECSI service channels.

2. Strategic Vision

To establish PLSA as DECSI's premier customer engagement and rewards platform that drives financial inclusion, increases savings culture, promotes digital financial services, and strengthens long-term customer relationships.
